REPORT OF THE GENERAL COUNCIL

For the Year ending 31st December, 1902.

THE past year has shown a decided increase in the success of the Fund, the amount received being £433,878. 16s. 5d. in Donations, £28,729. 12s. 5d. in Annual Subscriptions, from the League of Mercy £8,000, and in addition the Coronation Gift of £118,663. 13s. 1d., which by His Majesty's express desire was conveyed to the Hospital Fund. This shows an increase on the preceding year of £2,882. 11s. 9d. in Annual Subscriptions, £425,313. 10s. in Donations, and £1,000 in the amount given through the League of Mercy.

Our Royal Founder, His Majesty The King, continues to take the strongest interest in the work, and has been graciously pleased to consider and confirm everything of importance transacted by the President and General Council, and thoroughly to sympathise with the success which has attended their labours.

The General Council feel bound to acknowledge that much of the increase is due to the personal influence of His Royal Highness the President, and they loyally beg to tender their congratulations to the Prince of Wales upon the highly satisfactory results attained during His first year of office.

Of the individual benefactors, His Royal Highness the President, in his speech on the 24th November last, called attention to the munificent bequest of £250,000 by the late Mr. Samuel Lewis, the income of which, with the addition of £2,500 per annum by the signal generosity of Mrs. Lewis, has been placed at our immediate disposal, and His Royal Highness said that he had no doubt that this most considerate action had been of the greatest help; both for its own intrinsic value, and for the impetus given by it to the current of noble liberality, not only in this Country, but throughout the Empire—indeed throughout the World—for we even profited by the beneficence of Representatives of Foreign Nations. Attention was also drawn to the splendid endowment of £400,000 given in equal amounts by Lord Strathcona and Lord Mount-Stephen, who have thus extended to King Edward's Fund that open-handed generosity by which they have in Canada created and endowed so many great works of charity. From India come the liberal benefactions of the Maharaja of Gwalior (£10,000) and

the Maharaja of Jaipur (£5,000). Turning nearer home, we have received contributions like those of Mr. Speyer and others, and also substantial help from those who have assisted us in other ways.

His Royal Highness also drew attention to the fact that the Trustees of the London Parochial Charities had again entrusted us with the administration of the £1,000 a year which for some time past had been allotted to Convalescent Homes, and stated His approval of the policy recommended by His Committee of devoting these grants to a large extent to Convalescent Homes connected with London Hospitals. In this way the sick poor of the Metropolis are enabled to complete the cure commenced in the Wards of its Hospitals.

During the past year it has been necessary to add largely to the Visiting Committee, the onerous duties thrown upon the Visitors having increased to no inconsiderable extent. The Visiting Committee was composed as follows:—

The remarkable increase in the amount distributed by the Fund—being £101,000 instead of £51,000—has already been brought before our subscribers, but we would point out to them that in order to be able to distribute a similar amount again, and to complete the object of His Majesty the Founder, additional support is needed. It has been the policy from the first, to

distribute as far as possible to the Hospitals the money received from our supporters except so far as such money has been given for capital purposes. The Council feel sure that a forward policy is one which will command approval, and that the public will further extend its support by practical help in the year 1903 so that they can assuredly distribute at least £100,000 yearly.

The attention of the Executive Committee was drawn early in the year to the need of a Hospital Balance Sheet, in addition to the Accounts of Income and Expenditure published already on the uniform system through the instrumentality of the Hospital Sunday Fund, and a Committee of Chartered Accountants was appointed, who gladly gave their services to draw up a proper form of balance sheet. This has now been done and submitted to the Sunday and Saturday Funds, with whose co-operation we trust to have this form of balance sheet accepted by all the Hospitals.

It will thus be seen that we are acting in cordial co-operation with the other two Hospital Funds of London, in whose increased success we feel the more pleasure, as it affords an additional proof that we are not trespassing on the ground covered by them.

^d The League of Mercy was founded under Royal Charter in March 1899. Among the purposes of the League as defined in its statutes is the "promotion of the welfare and furtherance of the objects of the King Edward's Hospital Fund for London." Up to the present time the League of Mercy has contributed no less than £22,000 to the King's Fund. Moreover the amount of its annual contribution has steadily increased. In 1899 the King's Fund received £1,000 from this source, in 1900 £6,000, in 1901 £7,000, and in 1902 £8,000. "By the help of the League the sympathy of a large army of the humbler citizens has been enlisted in the great and beneficent work of the Metropolitan Hospitals, in the manner desired by His Majesty the King when he inaugurated this Fund in the year of the Diamond Jubilee of her late Majesty."

The work of the Distribution Committee is contained in their Report, and it is therefore unnecessary to touch upon it here, further than to say that its policy has the fullest support and approval of His Majesty the King; His Royal Highness the President; and the General Council.

The Council have been unable to assign to any Hospital or to any Group of Hospitals, the Frank James Memorial Home, East Cowes, although it was accompanied by a handsome endowment. And with the greatest reluctance they have been compelled to relinquish this most generous offer of Messrs. Arthur and William James. The difficulties of working a Home on the Isle of Wight in connection with a London Hospital proved insuperable, but every effort was made before the offer was declined.

Our attention has been drawn to the fact that Hospitals have not always been established where most needed, and that their usefulness has occasionally been marred by faulty arrange-

ments. Such defects should if possible be prevented. Therefore, as foreshadowed by His Royal Highness the President on the 24th November, the Executive Committee have passed a resolution to the effect "that in future any new Hospitals or those reconstructing or extending to a considerable extent, within the area dealt with by the Fund, be requested before taking definite action to submit their proposals to the Fund; and that if sanctioned, a copy of this resolution be sent to every Hospital and communicated to the Press."

The above resolution was sanctioned and will be carried into effect. It is felt that an independent authority like this Fund, possessing the willing and expert services of the highest representatives of the medical faculty, can render valuable assistance in any such circumstances.

The Distribution Committee have had their special attention drawn to the question of the amalgamation of certain Hospitals and the removal of other Hospitals to places where they are more needed, and they are now meeting and considering what steps can be taken to bring about the desired results in both these matters.

It will be seen that the special policy of the distribution by the Fund is to make grants subject to the fulfilment of certain conditions which must be observed by the Hospitals--or to give money for specific objects--and in so doing the Committee are desirous of assisting the Hospitals to regulate their expenditure and to improve their buildings and equipment. They are aware that the public have much confidence in the Hospitals and are well disposed to support them now as in the past, but at the same time they believe that further assurance as to proper and economical management is never unwelcome either to the Hospitals or to their supporters. For this reason some of the conditions named in the Distribution Committee's Report are made. Sometimes it is expedient to call attention to defects arising from increase in the work of a Hospital beyond the provision made years ago. Such criticisms are of service to the Hospital Authorities in various ways, amongst others in helping them to obtain the requisite funds. A special instance has occurred this year, where a generous donor has given a munificent sum to remedy a defect in the out-patient department of one of our large and deserving Hospitals.

Hitherto the scope of the Fund has been strictly confined to Hospitals within the Seven Miles Radius of Charing Cross, but it will this year be extended so as to include the London County Council area, when outside the Seven Miles Radius.

The new districts added to the area contain many poor and densely populated suburbs, and form in themselves an argument for increased support.

We desire to point out that those who live outside London may reasonably be expected to give something to the Hospitals of the Capital of the Empire, since twenty-five per cent. of the patients in London Hospitals come from outside the Metropolis.

Subscribers will note that in this exceptional year the working expenses amount to £1,942. 2s. 3d., or under one-half per cent. on the amount collected without including the Coronation Gift. These results are largely due to the services of the Honorary Secretaries and others who have since the inauguration of the Fund given their time to the work. The Council appeal confidently for support to all who desire their gifts to be economically and carefully distributed.

A list of all gifts, whether in money or "in kind," including all sums received for the Coronation Gift at the Bank of England or the Mansion House, is appended to this Report. The Honorary Secretaries particularly request that all contributors will kindly see that their names and gifts are correctly given therein.

In conclusion, once more the Council trust that the confidence of the public in the Fund will continue to increase, so that the amount available for awards may be further augmented, and that the generous help universally accorded them by the Press in past years will be continued.

The Coronation Gift.

REPORT OF THE ORGANISING COMMITTEE.

1901-1902.

A Committee was formed in July 1901 for the purpose of collecting contributions for a Gift to The King on the occasion of His Coronation, to be applied to some object that might be acceptable to His Majesty. The Committee was composed of the following gentlemen:—

THE VISCOUNT DUNCANNON, C.B.,
Chairman.

SIR SAVILE CROSSLEY, BT, M.P.

MR. S. H. BENSON.

MR. T. F. BLACKWELL.

MR. J. G. CRAGGS.

MR. F. GORDON.

MR. G. LAWSON JOHNSTON.

MR. J. S. WOOD.

The Committee appointed the Rev. W. E. Martlew to act as its Secretary.

Subsequently The King was graciously pleased to signify His wish that the Gift should be devoted to the Hospital Fund which His Majesty had founded for the benefit of the voluntary Hospitals of London.

The Committee immediately took steps to make a widespread appeal to the generosity of the public, and received in consequence of their efforts a large number of substantial contributions as well as gifts of varying amounts from almost all sections of the inhabitants of London.

The Lord Mayor of London (Sir Joseph Dimsdale, M.P.), lent his powerful aid, and for that purpose issued an appeal to Editors of Newspapers on the 12th May, 1902, enclosing a letter from Lord Knollys, which conveyed an intimation from His Majesty The King of His deep sympathy with the movement. Later on, His Lordship called a Meeting of prominent citizens in the Mansion House, which was very influentially attended. The result of the Mansion House movement was to add £61,874. 9s. 8d. to the Coronation Gift.

In the aggregate there was received up to the end of the year :—

	£	s.	d.
At the Offices of the Fund (which will be augmented by some considerable sums received after the date at which the accounts are made up)	59,889	5	0
and at the Mansion House	61,874	9	8
	<u>£121,763</u>	<u>14</u>	<u>8</u>

There will be found printed with the General Report of the Hospital Fund a detailed list of all the donations and gifts in money and other forms received by it during the year, in which those relating to the Coronation Gift are specially marked and to which attention is called. Amongst the more notable was that of Mr. Edgar Speyer, who gave the munificent sum of £25,000, which was the largest individual sum; £5,000 from the Corporation of the City of London; a number of gifts of £1,000 from the City Companies; and from Messrs. Moët & Chandon, £5,000; Messrs. J. S. Morgan & Co., £5,000; Messrs. Rothschild & Sons, £5,000; Messrs. Wernher, Beit & Co., £5,000; Mr. H. L. Bischoffsheim, £2,000.

The Committee specially acknowledge the large amount of important personal services rendered by many persons, which resulted in satisfactory additions to the Fund. For instance, a Concert arranged by Mr. Iles at the Royal Albert Hall, under the patronage of T.R.H. the Prince and Princess of Wales, produced the sum of over £2,000; the sale of the Coronation Prize March, written by Mr. Percy Godfrey, produced £866; a Ball given at the Crystal Palace realised £489; performances of Lord Lytton's play, "Money," arranged by the Hon. Vere Ponsonby and Mr. Ralph Alderson, produced £300. Some of these amounts will appear in the accounts for 1903.

The thanks of the Committee are due to the Press, to Commercial Firms, and many others, for the gratuitous and valuable assistance they gave in making the object of the Committee so widely known.

Notwithstanding the postponement of the ceremony of the Coronation, it was decided to close the Fund on the 9th July, 1902. The Committee received on the 19th of that month a letter from Lord Knollys as follows :—

"I am desired by the King to acquaint you that he considers, now that the Coronation Gift Fund has been closed, that the services of the Organising Committee of King Edward's Hospital Fund will no longer be required.

"In conveying this intimation to you, His Majesty commands me at the same time to request you to express to Lord Duncannon, and his Colleagues on the Committee, his sense of the great value of those services, which have been so kindly rendered by them at, he fears, considerable inconvenience and trouble to themselves, and his high appreciation of the energy and zeal which they have displayed, with such successful results."

On Monday, the 11th August, the Gift was presented to The King, and duly reported in the Press, of which an extract is here given :—

“ His Majesty The King received in audience to-day the Right Hon. Sir Joseph Dimsdale, Bt., M.P., Lord Mayor of London, the Viscount Duncannon, C.V.O., C.B., and Sir Savile Crossley, Bt., M.V.O., M.P., who presented the Coronation Gift of £115,000, subscribed by all classes of His Majesty's subjects, including nearly 20,000 donations in pence given by working people, and who informed His Majesty that there would be a substantial balance on the closing of the accounts, and that increased support had also been secured by King Edward's Hospital Fund for London, the Hospital Sunday and the Hospital Saturday Funds, in his Coronation year.

“ His Majesty The King, in graciously receiving the Gift, expressed in most feeling and sympathetic terms the pleasure which he experienced in the fact that this tribute embraced the offerings of the poorer classes of his subjects equally with those of the richer.

“ His Majesty further conveyed the great gratification he felt that in this year such considerable progress had been made towards the attainment of the object which he had in view when, in celebration of the Diamond Jubilee of his beloved mother Queen Victoria, he originated the Fund, in which Her late Majesty took so keen and so sincere an interest, the object of which was to free the London Hospitals from debt—a purpose which, until it was finally accomplished, he should not cease to strive after while God spared his life. The King then handed the Coronation Gift to His Royal Highness the Prince of Wales, President of King Edward's Hospital Fund for London, to the augmentation of which he desired it to be applied.”

Further sums were received after this date, and some considerable amounts have been received since the close of the year, which will duly appear in the ordinary accounts of the Fund for 1903.

For the Committee,

DUNCANNON,

Chairman.

Report of the Hospitals Distribution Committee.

The Committee humbly desire to congratulate His Royal Highness the President of the Fund, on the success that has attended it during the first year of his tenure of office.

In spite of the unusual demands upon the charity of the public entailed by the war and its consequences, the pecuniary support received in the shape of subscriptions and donations during the last twelve months has greatly exceeded that of any previous year.

The sum available on the present occasion has been further increased by the fact that His Majesty the King has shown his continued great interest in the Fund which he founded by being graciously pleased to transfer to it the Coronation Gift of his subjects.

The Executive Committee were thus able, with the approval of His Royal Highness the President, to recommend the distribution for this year of £100,000, which is double the amount of last year's grants.

In considering how the additional sum may be bestowed to the best advantage with a view to the permanent good of the hospitals, the Committee decided to recommend that it should be devoted to four principal objects, viz. :

1. The opening of closed beds.
2. The wiping out or diminution of debt.
3. The carrying out of improvements by building or otherwise, and
4. The supply of various special needs and increased aids to general maintenance.

As regards the first of these objects, the Committee recommend the opening of 112 closed beds, which will bring up the total of beds opened and maintained by the Fund to 433. To opening and maintaining these additional beds we advise that £7,450 should be devoted ; which will involve, at least for some time to come, an annual similar payment. Not many beds now remain closed in such of the Metropolitan Hospitals as have applied for grants from the Fund. Of these some are used for nurses' accommodation or are kept unemployed to facilitate the cleaning of the wards ; and of the remainder the Committee do not see their way to advise the opening, in consequence of unsatisfactory circumstances.

The Committee hope before another year to make it a condition of continuing the grants for the maintenance of beds opened by aid of the Fund, that those beds be really free in the

sense of the patients being admitted without reference to subscribers' letters, but simply in accordance with the necessities of the cases.

On the second object, the reduction of debt, we recommend that £29,250 be expended. Grants for this purpose will in many instances be a great boon, which will, we trust, result in permanent benefit.

The third class includes the carrying out, by building or otherwise, of various improvements urgently needed, in order to bring the institutions concerned into a state of thorough efficiency in accordance with present-day requirements.

Of the remaining class of grants, devoted mainly to general purposes, it need only be said that it is proposed to deal with the hospitals as a rule in a more liberal manner than ever before.

The Committee hope to be able to bring about the amalgamation of some small hospitals. And if this attempt should prove successful, they would be prepared to recommend the appropriation of a considerable sum to this object, which is important alike in the interests of the institutions concerned and in those of the sick poor. It is suggested that the Distribution Committee be appointed to undertake the needful negotiations.

In conclusion the Committee desire to bear testimony to the increasing usefulness of the Fund, not only by supplying in larger and larger measure the pecuniary needs of the hospitals, but also by stimulating them to progressive improvement. This is in great measure the result of the self-denying labours of the Visiting Committee, to whom very cordial thanks are due.

It is satisfactory to know that, while the Fund is flourishing financially, other Institutions with similar objects are also prospering. This gives a sure indication that, thanks largely to the influence of the Fund under its Royal patronage, the importance of adequately supporting those beneficent establishments, the Metropolitan Hospitals, is being increasingly recognised by the public.

The details of the awards to the various hospitals are added.

For the Committee,

LISTER,

Chairman.
