## P R E F A C E

The first edition of the Directory was published in the Autumn of 1948. Reports of its usefulness received from Almoners and Health Workers encouraged the Convalescent Homes Committee of King Edward's Hospital Fund to make it an annual publication. The general arrangement followed in last year's edition has been left largely undisturbed but some additional homes have been added and all information has been brought up to date.

The decision whether to include a particular Home or not lies entirely at the discretion of the Committee. It is, accordingly, of interest that of the Homes operating outside the National Health Service nearly all are visited by one or more members of the Committee prior to their acceptance for the Directory, and subsequently every year. Only Homes which are prepared to admit patients residing in the London area are recorded. For convenience of reference, Homes which lie outside the borders of the four Metropolitan Hospital Regions have been placed together in Part II; these have only in rare cases been visited by members of the Committee. Wherever they may be situated, all the Homes in the Directory are for patients for whom convalescence or a recuperative holiday has been recommended by a doctor. None are commercially managed for profit.

January, 1952.

**HOSPITAL REGIONS**

  - 14 LIVERPOOL Regional Hospital Board, 19, James Street, Liverpool 2. (Central 8231.)

## EXPLANATORY NOTE

---

The Directory concerns itself only with Homes which are prepared to take patients from London. Part I contains those within the four Metropolitan Regions, arranged within their Regions in alphabetical order. Part II provides the same details about Homes outside the Metropolitan Regions. No claim is made that the Directory is comprehensive—indeed, as explained in the Preface, it is to some degree selective.

The Hospital Region in which each Home is situated is indicated at the top left-hand corner of each page. At the top right-hand corner appear the words : NATIONAL HEALTH SERVICE, CONTRACTUAL ARRANGEMENTS, SPECIAL SCHOOL, or INDEPENDENT. Patients at the first two will normally be a charge to the Regional Board : those at Special Schools are maintained by the Ministry of Education : Independent Homes are frequently approved by the Local Health Authorities for use under the Recuperative Holidays Scheme.

It should be emphasised that Contractual Homes and Special Schools are, with a few exceptions, independent in all respects, save that maintenance charges are paid by the appropriate Authority.

INDEX I is an alphabetical list of all Homes.

INDEX II is a classified index designed to facilitate the finding of a suitable Home for any of the normal categories of patient. For example, a Home may be required for a man needing a gastric diet. Under "gastric" will be found the page numbers of all Homes providing gastric diets. Those which cater for men will appear in the appropriate column. If necessary, the process can be carried a step further. Should it be desirable that this man should go to a Home in Sussex, the enquirer should look up "Sussex" and see if any of the Homes listed in the "men" column are the same as those catering for men requiring gastric diets.

NORMAL EXCLUSIONS.—Although the types of cases not admissible vary to a certain degree as between Homes, it can normally be taken that Pulmonary Tuberculosis, Pregnancy (after the fifth month), Mental Cases, Epilepsy, Incurable, Infectious and Contagious Diseases and usually Skin Disease, Open Sores and Wounds are not accepted. In trying to decide whether a patient is eligible or not for any given Home, a study of the information given under TREATMENT and STAFF will give a good idea as to the type of work undertaken.

**LIST OF HOMES ADDED AND OMITTED SINCE THE LAST  
ISSUE OF THE DIRECTORY**

**HOMES ADDED**

Friendly Societies' Convalescent Home, Herne Bay, Kent.

Lloyd-Kimpton Convalescent Home for Children, Budleigh, Salterton, Devon.
