P R E F A C E

The first edition of the Directory was published in the Autumn of 1948. Reports of its usefulness ~~which have been~~ received from Almoners and ^{health} ~~others~~ ^{workers} have encouraged the Convalescent Homes Committee of King Edward's Hospital Fund to ~~issue this new edition.~~ ^{make it an annual publication.} The ~~general arrangement~~ ^{followed in last year's edition has been} of loose leaves and supplementary amendments ~~has been abandoned,~~ ^{dearly} but in other respects the ~~present edition is similar.~~ ^{undisturbed but some additional homes have been} In order to keep it up to date, it is proposed to ~~re-issue the Directory annually each Spring.~~

The decision whether to include a particular Home or not lies entirely at the discretion of the Committee. It is, accordingly, of interest that of the Homes operating outside the National Health Service nearly all are visited by one or more members of the Committee prior to their acceptance for the Directory, and subsequently every year. Only Homes which are prepared to admit patients residing in the London area are recorded. For convenience of reference, Homes which lie outside the borders of the four Metropolitan Hospital Regions have been placed together in Part II; these have only in rare cases been visited by members of the Committee. Wherever they may be situated, all the Homes in the Directory are for patients for whom convalescence or a recuperative holiday has been recommended by a doctor. None are commercially managed for profit.

~~Criticisms or suggestions for the preparation of future issues of the Directory will be welcomed.~~

January, 1951.

REGIONAL HOSPITAL BOARDS

 - 14 LIVERPOOL Regional Hospital Board, 19, James Street, Liverpool 2. (Central 8231.)

EXPLANATORY NOTE

The Directory concerns itself only with Homes which are prepared to take patients from London. Part I contains those within the four Metropolitan Regions, arranged within their Regions in alphabetical order. Part II provides the same details about Homes outside the Metropolitan Regions. No claim is made that the Directory is comprehensive—indeed, as explained in the Preface, it is to some degree selective.

The Hospital Region in which each Home is situated is indicated at the top left-hand corner of each page. At the top right-hand corner appear the words: NATIONAL HEALTH SERVICE, CONTRACTUAL ARRANGEMENTS, SPECIAL SCHOOL, or INDEPENDENT. Patients at the first two will normally be a charge to the Regional Board: those at Special Schools are maintained by the Ministry of Education: Independent Homes are frequently approved by the Local Health Authorities for use under the Recuperative Holidays Scheme.

It should be emphasised that Contractual Homes and Special Schools are, with a few exceptions, independent in all respects, save that maintenance charges are paid by the appropriate Authority.

INDEX I is an alphabetical list of all Homes.

INDEX II is a classified index designed to facilitate the finding of a suitable Home for any of the normal categories of patient. For example, a Home may be required for a man needing a gastric diet. Under "gastric" will be found the page numbers of all Homes providing gastric diets. Those which cater for men will appear in the appropriate column. If necessary, the process can be carried a step further. Should it be desirable that this man should go to a Home in Sussex, the enquirer should look up "Sussex" and see if any of the Homes listed in the "men" column are the same as those catering for men requiring gastric diets.

NORMAL EXCLUSIONS.—Although the types of cases not admissible vary to a certain degree as between Homes, it can normally be taken that Pulmonary Tuberculosis, Pregnancy (after the fifth month), Mental Cases, Epilepsy, Incurable, Infectious and Contagious Diseases and usually Skin Disease, Open Sores and Wounds are not accepted. In trying to decide whether a patient is eligible or not for any given Home, a study of the information given under TREATMENT and STAFF will give a good idea as to the type of work undertaken.

(Before admission all patients have to undergo a psychiatric examination as to their suitability.)

PATIENTS: Men and women of all ages accepted, and in special cases, young people, e.g. those referred by the Home Office and Probation cases from Court. In a very few exceptional cases children are also taken. Patients should be requiring preventive treatment; recovered from Mental or Nervous Illnesses; also able to work only under supervision or unable to fend adequately for themselves.

Ineligible: Those who on psychiatric examination are found to require active medical treatment. Those suffering from a severe physical handicap. Bed cases.

RELIGION: Undenominational.

ACCOMMODATION: About 30 houses, mostly in the Home Counties.

TREATMENT: Psychological assistance from nurses trained in Mental and Nervous illness. Rehabilitation by light housework, gardening, needlework, etc., and by organised Occupational Therapy in suitable cases. Special diets, such as for diabetics, given if arrangements made beforehand.

NURSING STAFF: There is at least one trained Nurse in every Home.

LENGTH OF STAY: According to medical advice. Patients leaving Hospital "On trial" usually sent for 4 weeks in first instance, but this may be extended if doctor so desires. "Prolonged trial" patients usually from 3 months in first instance, but may be indefinite.

Visiting Day: By arrangement.

CHARGES: ~~Rate aided patients, £2 5s. 0d. per week. Private, from £3 3s. 0d. per week. From Hospital usually hospital county rate. Others minimum rate £2.15.0 per week.~~ ^{patients} *Others minimum rate £2.15.0 per week.*

RECEIVING DAY: Patient's convenience suited as far as possible.
