PREFACE

The Directory was first published in 1948. As a result of reports of its usefulness received from Medical Social Workers and Health Workers, it was decided to make it an annual publication.

The decision to include a particular Home in this directory lies at the discretion of the Committee. Nearly all the Independent homes were visited by one or more members of the Committee prior to their acceptance for the Directory, and subsequently annual visits have been made whenever possible. Homes within the National Health Service have also been visited, by courtesy of Regional Hospital Boards. A few private Homes that have contractual arrangements with Regional Hospital Boards have been included.

Homes which are situated outside the borders of the four Metropolitan Hospital Regions and of the Wessex Region have been placed in Part II, few of them having been visited by members of the Committee. Wherever they may be, all Homes in the Directory are for patients for whom convalescence or a recuperative holiday has been recommended by a doctor.

Information about 59 convalescent homes situated outside the four Metropolitan Hospital Board Regions can be found in the Directory of Convalescent Homes serving the Provinces published by the British Hospitals Contributory Schemes Association (1948), 87, Lord Street, Liverpool, 2. Price 10/- post free.

 - 15 WESSEX Regional Hospital Board, Highcroft, Romsey Road, Winchester, Hants. (Winchester 5401.)

EXPLANATORY NOTE

PART I of the Directory contains Homes within the four Metropolitan Hospital Regions and the Wessex Region arranged alphabetically according to the name of the town or village in which the Home is situated. Where there is more than one Home in a particular town, they are arranged in alphabetical order according to the names of the Homes.

PART II provides similar information about Homes situated outside those Regions.

The page containing details of each Home shows the Hospital Region in which the Home is situated at the top left hand corner and at the top right hand corner the words: "National Health Service," "Contractual Arrangements," "Special School" or "Independent." Patients at the first two will normally be a charge to the Regional Hospital Board, those at Special Schools are maintained by Local Educational Authorities and those at Independent Homes are frequently approved by Local Health Authorities under the recuperative holiday schemes.

When it is desired to select a Home in a particular district, reference should first be made to the GEOGRAPHICAL INDEX of Homes on pages ix to xiii. Private Homes having contractual arrangements with Hospital Boards are printed in italics in this list.

ALPHABETICAL INDEX on pages xiv to xvi is an alphabetical list of all Homes. The prefix letters to each Home show whether men, women or children are accepted and whether the following facilities are provided:—breakfast in bed, bed cases, ground floor rooms, long term stay.

CLASSIFIED INDEX on pages xvii to xxiv contains lists of Homes showing the treatments they provide and medical conditions accepted. It also lists Homes taking particular social or occupational groups.

CHILDREN'S INDEX on page xxv contains a list of all the children's Homes showing the age groups accepted.

NORMAL EXCLUSIONS—Although the types of cases not admissible vary to a certain degree as between Homes, it can normally be taken that Pulmonary Tuberculosis, Pregnancy (after the fifth month), Mental Cases, Epilepsy, Incurable, Infectious and Contagious Diseases and usually Skin Disease, Open Sores and Wounds are not accepted, unless otherwise stated. In trying to decide whether a patient is eligible or not for any given Home, a study of the information given under TREATMENT and STAFF will give a good idea as to the type of work undertaken.

LIST OF HOMES CLOSED AND HOMES OMITTED SINCE THE LAST ISSUE OF THE DIRECTORY

Homewood Convalescent Home, Woburn Sands.

Langworth Lodge, near Mansfield.

Freeland Hospital, Freeland.

MERCHANT SEAMEN'S CONVALESCENT HOME**ALFOLD,
